

# Mobility

Our school is situated close to the Centre of Pruszcz Gdański. Most of the students get there on foot or by bike but we can

also get there by car, bus or train. Bicycle paths and pavements make our way to school safe. We haven't got problems with parking our

bikes because there is a special place for them. There is a car park next to the school too. There is also a bus stop nearby.

We can also get to a railway station which is a little bit further.
